

Tracking-Questionnaire for the Special Edition of the German Science Barometer regarding Corona

(the category „don't know, missing answer” is not read out loud; if not noted otherwise, only one answer is possible; text in italics is not read out loud)

Statement from the interviewer: The following question is about science and research. This includes not only natural sciences and technical research but also social sciences and humanities.

1. How much do you trust science and research?

| | |
|-----------------------------------|---|
| trust completely | 1 |
| trust somewhat | 2 |
| undecided | 3 |
| distrust somewhat | 4 |
| distrust completely | 5 |
| <i>don't know, missing answer</i> | 9 |

2. The following questions are about the current Corona pandemic. Against this background, to what extent do you agree with the following statements?
(*randomised order of items*)

| | agree completely | some-what agree | un-decided | some-what disagree | com-pletely disagree | <i>don't know, missing answer</i> |
|--|------------------|-----------------|------------|--------------------|----------------------|-----------------------------------|
| Political decisions on handling Corona should be based on scientific evidence. | 1 | 2 | 3 | 4 | 5 | 9 |

| | | | | | | |
|--|---|---|---|---|---|---|
| Most scientists currently speaking up differentiate clearly between what they know for sure and what are open questions on Corona. | 1 | 2 | 3 | 4 | 5 | 9 |
|--|---|---|---|---|---|---|
